SUMMARY

Computer Science Engineering undergraduate with hands-on experience in Full Stack (MERN) Development. Currently aligned with development opportunities at **Small Copper Technologies**. Skilled in building scalable web applications using Node.js, Express.js, React, and databases (SQL/NoSQL), with strong understanding of REST APIs, backend systems, and application integration. Focused on developing reliable, user-friendly, and efficient software solutions.

TECHNICAL SKILLS

- **Languages:** Java, SQL, JavaScript, C++
- **Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems
- **Backend:** Node.js, Express.js, REST API Development, API Integration
- **Frontend:** React.js
- **Database:** MongoDB, MySQL (Schema Design, Joins, CRUD)
- **Tools:** Git, GitHub, Postman

PROJECTS

UniSkills – Peer-to-Peer Skill Learning Platform

Node.js, Express.js, SQLite, Sequelize, React

- Developed a full-stack MERN-based platform enabling users to learn and teach skills using a credit-based system.
- Implemented secure authentication using JWT and bcrypt for password encryption.
- Designed and managed database schema using Sequelize ORM and handled optimized CRUD operations.
- Built real-time features including chat, notifications, and live updates using Socket.io.
- Integrated WebRTC-based video classrooms and AI-powered assistance for enhanced user experience.

ShopScout – Full Stack Price Comparison Platform

Node.js, Express.js, MongoDB

- Developed and tested backend APIs for product comparison and filtering across multiple data sources.
- Performed API validation using Postman, ensuring accurate responses and proper error handling.
- Optimized MongoDB queries for efficient data retrieval and improved performance.
- Ensured system reliability through regression and edge-case testing.
- Strengthened backend stability and integration across modules.

| • Data Structures & Algorithms | • Operating Systems |
| • Database Management Systems | • Computer Networks |
| • Object-Oriented Programming | |

EDUCATION

Chitkara University

Bachelor of Engineering in Computer Science

Himachal Pradesh, India

Aug 2023 – May 2027

CERTIFICATIONS

- Infosys Certification – C, C++, Java
- Infosys Certification – Database Management Systems (DBMS)
- Infosys Design Thinking Certification
